

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

Contacting the User

Contact form (This Application)

By filling in the contact form with their Data, the User authorizes this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data collected: email address, first name and last name.

Mailing List or Newsletter (This Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data collected: email address, first name and last name

Content Commenting

Content commenting services allow Users to make and publish their comments on the contents of this Application.

Depending on the settings chosen by the Owner, Users may also leave anonymous comments. If there is an email address among the Personal Data provided by the User, it may be used to send notifications of comments on the same content. Users are responsible for the content of their own comments.

If a content commenting service provided by third parties is installed, it may still collect web traffic data for the pages where the comment service is installed, even when Users do not use the content commenting service.

Comment system managed directly (This Application)

This Application has its own internal content comment system.

Personal Data collected: email address, first name, last name and website

Interaction with external social networks and platforms

This type of services allow interaction with social networks or other external platforms directly from the pages of this Application.

The interaction and information obtained through this Application are always subject to the User's privacy settings for each social network.

This type of service might still collect traffic data for the pages where the service is installed, even when Users do not use it.

Facebook Like button and social widgets (Facebook, Inc.)

The Facebook Like button and social widgets are services allowing interaction with the Facebook social network provided by Facebook, Inc.

Personal Data collected: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#).

Personal Data collected: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#).

Twitter Tweet button and social widgets (Twitter, Inc.)

The Twitter Tweet button and social widgets are services allowing interaction with the Twitter social network provided by Twitter, Inc.

Personal Data collected: Cookies and Usage Data.

Place of processing: US – [Privacy Policy](#).

Managing contacts and sending messages

This type of services makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Platform services and hosting

These services have the purpose of hosting and running key components of this Application, therefore allowing the provision of this Application from within a unified platform. Such platforms provide a wide range of tools to the Owner – e.g. analytics, user registration, commenting, database management, e-commerce, payment processing – that imply the collection and handling of Personal Data. Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

WordPress.com (Automattic Inc.)

WordPress.com is a platform provided by Automattic Inc. that allows the Owner to build, run and host this Application.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: United States – [Privacy Policy](#).

Spam protection

This type of services analyzes the traffic of this Application, potentially containing Users' Personal Data, with the purpose of filtering it from parts of traffic, messages and content that are recognized as SPAM.

Akismet (Automattic Inc.)

Akismet is a SPAM protection service provided by Automattic Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – [Privacy Policy](#).
